PROFESSIONAL SUMMARY

MCA student with hands-on experience building REST APIs and full-stack web applications using Python, Django, and FastAPI. Comfortable working with relational and NoSQL databases (MySQL, SQLite, MongoDB), Git-based version control, JWT authentication, and clean, modular backend design.

TECHNICAL SKILLS

- Programming Languages: Python, C
- Backend Frameworks: Django, FastAPI
- APIs & Authentication: REST API Design, JWT, Password Hashing, Authentication and Authorization
- Databases: MySQL, SQLite, MongoDB
- Core Concepts: Object-Oriented Programming (OOP), Data Structures, Exception Handling
- Web Technologies: HTML, CSS, JavaScript, Bootstrap
- Tools: Git, GitHub, VS Code

PROJECTS

DevFeed – Social Media Web Application

Python, Django, SQLite, HTML, CSS, Bootstrap

- Built a full-stack social media application with create, edit, delete, and view post functionality using a REST-style backend structure.
- Implemented user authentication and authorization using Django's built-in authentication system.
- Added likes, comments, user profiles, and post search; managed relational data via Django ORM across users, posts, comments, and likes models.
- Designed a responsive, user-friendly UI with Bootstrap and Django templates.

Student Management System

Python, FastAPI, MongoDB

- Built a RESTful API-based student management system using FastAPI with MongoDB for persistence.
- Implemented secure authentication and authorization with JSON Web Tokens (JWT) and password hashing.
- Designed REST API endpoints for full CRUD operations on student records.
- Structured the codebase into modular, maintainable components following REST API best practices.

EDUCATION

Master of Computer Applications (MCA)

P.E.S College of Engineering, Mandya

Nov 2025 – Present

Bachelor of Computer Applications (BCA)

Shanthiniketan College of Science and Management Studies | CGPA: 8.5 / 10

Sep 2022 – Jun 2025

Pre-University Course (PUC)

St. Joseph Composite PU College | Percentage: 93.33%

Aug 2020 – Mar 2022

CERTIFICATIONS

- Introduction to Generative AI
- Introduction to Large Language Models (LLM)
